

Measurements for Box Frame

Measure to the maximum
height x width x depth

Add at least 6 mm (1/4 in)
to the depth for clearance
behind the glass

Then add an inch to all 4 sides
e.g. object measures
6 in x 4 in -
order frame size 8 in x 6 in

If ordering mount board surround
Our object is 6 in x 4 in - order 8 in x 6 in - **without** mount board.
With mount board surround order frame size - 10 in x 8 in.
Another inch added all round
